PRAJAKTA MORE

UX & Product Designer

PROFILE

A self-taught designer who develops simple, original, and positive user experiences that have a lasting impact on people. In order to create products, interactions, and services that are optimized for user needs, I like to incorporate, explore, and use all aspects of design thinking, processes, and disciplines.

WORK EXPERIENCE

ASSISTANT SYSTEM ENGINEER

Tata Consultancy Services | Jun 2019 - Jan 2021

- Managed daily technical support activities related to server management.
- Taking weekly backups of system state data for servers and maintaining risk and issue reports for management on a regular basis.
- Served as the secondary resource for web-based application and database administration.

PROJECTS

BOOKIFY - BOOK STORE APP

UX Designer + Researcher | Nov 2021 - Dec 2021

- A mobile app designed to keep people reading and returning books on schedule to avail rewards/refunds.
- Research and design are based on actual user feedback.

ORGANIZO - BILL APP

UX Interaction Designer | Jan 2022 (4 weeks)

- A web/mobile based application designed to save, locate, remind and pay all kinds of bills/expenses all from one central location.
